

## Support Red and White Day

**November 3, 2014**

*WSSDA and school board members across the state and nation stand in support of the Marysville and Tulalip communities as Marysville Pilchuck High School students return to the classroom today for the first time since the shooting tragedy on Friday, October 24th. Governor Inslee has proclaimed Monday as Red and White Day highlighting the importance of unity in recovery.*

*We urge all school board members to wear red and white on Monday demonstrating our support of the Marysville/Tulalip communities as they begin to heal together.*

**Mari Taylor**

**WSSDA President**
