

Washington State School Directors' Association

RFQ 2016-001

Question:

4. This is a follow-up to question three. What is the required/expected weekly time commitment (face-to-face hours) for meetings, debriefings, etc., of the Contractor?

Answer:

4. The time commitment is dependent upon the experience and skill set of the contractor. WSSDA will support and engage with the contractor as needed to support their work. Please note there are deliverables with due dates in the RFQ which may give you an idea of the scope of work.
