77. Strikes and Labor Disputes (2016 SLP 7.6.6)

WSSDA Position Category: Governance

WSSDA is opposed to strikes as a means of settling disputes in public education as referenced in RCW 41.56.120. WSSDA strongly supports decisions by Washington courts that strikes by public employees are illegal. Participants in strikes should suffer economic losses or professional sanctions.

WSSDA supports legislation that would:

- Remove mandatory binding arbitration as the means of resolving impasses in negotiations. It is against the public interest to give final authority over the schools' operations to an arbitrator, who has no continuing responsibility for implementing an arbitration award.
- Impose penalties upon either party who fails to participate in impasse processes and other required procedures designed to promote agreement before the beginning of school.

When a local school district is faced with a strike, WSSDA recommends that the school board take the action, including injunctive relief, it deems necessary to fulfill its obligation to students and patrons.

During a strike, WSSDA will provide services or assistance requested by the local school board.

(Adopted 2001, Amended 2013)
